IACBOX
Internet Access Control

IACBOX MODULES

Extend IACBOX with additional features - modular licensing and seamless integration.

MODULE	DESCRIPTION	VERSION
iacbox.cloud	Centralised management of all IACBOX systems via the cloud. Remote access, backups, configuration and system monitoring. Direct internet access without login, ideal for public hotspots.	🟨 🟦 🟩
Privacy Toolkit	Data protection management for IACBOX in accordance with the GDPR. Automated documentation, legal templates and checks of privacy-related system settings.	🟨 🟦 🟩
PMS Interface	Interface to leading hotel management systems. Automatic data exchange between the booking system and internet access management.	🟨 🟦
KIS/HIS Inteface	Interface for integrating hospital information systems (e.g. Siemens HiMed, Avaya MedCom) for patient authentication via the KIS/HIS and accounting.	🟨
Application Control PRO	Defines rules for permitted applications and protocols. Detailed monitoring and visual reports.	🟨
